TRACK CURRY

Groom your track or arena surface with the MK Martin **Track-Curry**. This easy to use tool will allow you to condition the surface of your track to your desired firmness. With two rows of heavy duty S-tines to cultivate the ground, an adjustable leveling bar fastened to the rear of the S-tines and 12" rolling drum behind the leveling bar provides an accurate depth gauge to cultivate and pack your soil for optimum performance.

The MK Martin Track-Curry will condition your arena/track to the footing most suited to the health and safety of your horses.

- Available in 5' - 8' foot widths
- Weight 460 - 725 lbs.
- Uses Cat. 1 Hitch

3PH Utility Dump Box

This general purpose **Utility Dump Box** mounts to your 3-Point Hitch. This versatile box is manufactured with 14 ga. steel and is reinforced with a heavy square tube sub frame.

The Utility Dump Box is easily raised or lowered using your 3PH controls. It also features an easy slide in tailgate so your load stays where you put it. Simple mechanical controls allows for this box to be dumped from the operators seat quickly and easily.

Available in 10 or 30 cubic foot sizes these boxes are ideal for the home owner, landscaper or wood lot owner.

- Available in 10 or 30 cubic feet
- Weight 120 - 290 lbs.
- Uses Cat. 1 Hitch

TRACK GROOMER

The next best friend your horse could have, other than you, is this easy to use **Track Groomer**. Use the Track Groomer to provide sure footing and easy on the feet riding areas.

Need to mix in some sand or any other material in your riding areas? This is the tool you've been looking for!

Work up your round pen with this easy to use, inexpensive Track Groomer. All you need is a tractor with a 3-Point Hitch. No PTO required.

Get within 2" of your walls or fences. No more shovels or built up sides in your arenas or outdoor riding pens.

- Available in 5' - 8' diameters
- Weight 200 - 325 lbs.
- Uses Cat. 1 Hitch

Scraper Blade

The **3PH Scraper Blade** from MK Martin makes maintaining your driveway and gravel areas easy. Ruggedly built with a reversible cutting edge, these blades are designed for years of service. The Manual Blades have five stops of angle adjustability including a full turn around. While the Hydraulic Angle blades allow you to control the blade from the comfort of your seat.

With widths to match your equipment and property there is a MK Scraper blade to help keep your grades up.

- Available in 5' - 8' Widths
- Weight 210 - 567 lbs.
- Uses Cat. 1 & 2 Hitch (model dependant)

Box Scraper

The **3PH Box Scraper** by MK Martin provides the small and large property owner with affordable options for grading with their line of box scrapers. Complete with steel cutting edges, height adjustable shanks, and a fully welded 3PH design these Box Scrapers really deliver.

Located on the insides and outside of the box are two reversible hardened steel cutting edges that allow the operator to pull or push material.

- Available in 4' - 8' Widths
- Weight 320 - 620 lbs.
- Uses Cat. 1 & 2 Hitch (model dependant)

Grader Leveler

The **Grader Leveler** is a two in one combination of leveling and scraping makes short work of your grading jobs. The first blade attacks the high spots cutting them down to size, the second blade further scrapes anything the first missed and fills in the hollows. With two blades cutting and filling it takes much less time and fewer passes to achieve the even distribution of material you are looking for.

The scraper uses either an optional 3PH mount, or an optional skidsteer adapter plate puts the work in front of you.

- Available in 5' - 8' Widths
- Weight 498 - 797 lbs.

Finishing Mower PTO Driven

The **Pulsar Finishing Mower** is available for a wide variety of lawn mowing applications. Available in 4 rear discharge sizes there is a size to fit your mowing needs. Riding on 4 pneumatic tires the Pulsar Finishing Mower floats smoothly over your lawn. A floating top link ensures that all 4 wheels keep contact with the ground as your 3PH equipped tractor pulls it along.

- Available in 60", 72", 84", and 90" widths
- Weight 464 - 714 lbs.
- Uses Cat. 1 Hitch

Rotary Cutter PTO Driven

The PTO powered **Pulsar** series of Rotary Cutters provide excellent mowing and shredding performance for tractors rated between 20-90 horsepower. The 3PH mount models are available in a variety of cutting widths providing a cutting path from 42" – 120".

To better adapt to your conditions the Pulsar features an adjustable cutting height of 2"-10" and a floating top link. This combination allows you to get the ideal cut for your field or roadside.

- **Cuts weeds**
- **mows grass**
- **shreds stalks**

- Available in 42" - 120" Cutting Widths
- Weight 440 - 2,300 lbs.
- Uses Cat. 1 & 2 Quick Tach Compatible Hitch

Skidsteer Hydraulic Drive Rotary Cutter

The hydraulically driven Pulsar series was designed for mowing grass and light brush, up to 1" in diameter. Available in 60" and 72" cutting widths the skidsteer mount Pulsar can cut almost any desirable height. Unique float linkage allows the Pulsar to follow the contour of your cutting area.

Our unique drive spindle is supported by 2 bearings allowing us to couple the hydraulic motor directly onto the drive spindle, eliminating the need for a gearbox.

- Available in either 60" or 72" cutting widths
- Weight 760 - 860 lbs.
- Flow Rates from 14 - 40 GPM based on package ordered

Meteor series snowblowers are built to get your work off the ground with durable performance and high-capacity design. Meteor snow blowers are available for a range of models from 12 HP compact tractors to 125 HP farm tractors.

The Meteor snow blowers are available in 3PH PTO driven models and for skid steer loaders with hydraulic drive. New to the Meteor line up is the loader mount with a self contained hydraulic power pack.

Established in 1969 MK Martin has been in the business of manufacturing quality Canadian made equipment for over 40 years.
